A TOUCH OF CARE

ABOUT US

“ By The Vet, For The Vets ”

Oriheal Lifesciences Private Limited – A Touch of Care

Oriheal Lifesciences Private Limited was founded in 2011 by Dr. Vishal Sharma – a Visionary Practicing Veterinarian. Since then, a constant application in pursuing excellence in development and manufacturing of new products has made Oriheal Lifesciences a modern, state of the art Company in the pharmaceutical market. One in every two households on the planet is home to a companion animal. That's why; we have a firm belief that a thorough and continuous dedication in pursuing quality is the only way to create 'A True Touch of Care' for our companion animals.

Our Mission is to bring innovative solutions to Vets and Pet Parents, so that Pet's Quality of Life can be more enhanced in line with the health standards of our Society.

Oriheal Lifesciences offers Vets and Pet Parents a comprehensive & innovative range of products which covers all major illnesses, nutritional needs and grooming solutions.

We have developed markets in India with an in-depth and long-term approach, maintaining at each step the highest ethical standards.

Our M.D. Says

“Our commitment to our core values remains strong. We will continue to operate our business with the highest ethical standards. We will be honest and truthful in all our dealings. As I am myself a Veterinarian, I commit that my priority will always be the interest of my fellow veterinarians & wellbeing of our companion animals.

No compromise in our ethics & standards will ever be acceptable.

I assure you on behalf of Oriheal Lifesciences Family that our products and services will always be in the best interest of Veterinary Industry & we will continue to upgrade our products & standards.

With your help and support, I am confident that Oriheal Lifesciences will continue to make history. Thankyou for being a part of this incredible journey.”
